

Suggestion Box Tracking				
Date rec'd	Idea	Committee passed to	Date	as of 10/15/06 Action
9/3/06	It takes 10 min. to find a place to park. Where's the new church or when is it being built? Ridiculous parking.			
7/2/06	The lower branches on the pine trees at the entrance road from Maple Drive need to be trimmed. It obstructs visibility and is a dangerous situation.	Drew-Bldg. & Grounds	7/9/06	will be done in the fall as time permits
4/23/06	Easter Sunday 7:30 mass got out so late that the 9:00 people were coming in and parking lot was a mess. Would like the mass schedule changed for that day, Mass shortened and someone directing traffic. You go to a joyful Mass and leave frustrated because of the parking lot situation.	Liturgy and Fr. Chuck	5/10/06	discussed at liturgy--steps taken by them that it won't happen again
4/2/06	Change mass times so the last mass starts at 11:00 or 11:30. This may help not needing a church expansion. Expansion at this time is not good - many are out of work or in danger of losing their job- many are on limited income. The economy is not in good shape (delinquent mortgage payments are at an all time high). There are many parishioners who share these feelings.	Liturgy and Fr. Chuck		Liturgy will look into this
3/5/06	Outside doors are rusting--chairs in waiting area are spotted and dirty--walls in kitchen should be painted--We are beginning to look shabby--some pews need woodworkers attention--have a work day like we use to--a way for people to share time and talent even if they can't share treasure We have more property than we can care for now.	Drew-Bldg. & Grounds	7/6/06	Doors have been replaced; kitchen problems will be looked into
3/5/06	STOP!!! We don't need to expand our worship space. This idea is dumb, outrageously expensive, and entirely unnecessary. We <u>cannot</u> afford more debt. Doesn't the half million we owe scare you enough? Take out the grand piano and put back the pews removed to put in the piano. Stop reserving so many seats on the lector side. We are in church every week. It is a rare Sunday that church is truly crowded. We will not support this plan.			

11/13/05	If we build a new addition put the tabernacle in the front of church, so when I walk in church I can adore Him. Now our church seems to be hiding Him in a closet, reminding me of the protestant church. I would not support a new addition for only 200 more seats--remember we have sister parishes like HS and HT.	LRPC	9/13/05	in the notes for any future building
11/13/05	Place a chapel in former rectory for weekday Masses. This will free up more space for church renovation and keep heating costs down during the week.	LRPC	9/13/05	in the notes for any future building
11/13/05	In regards to the proposed remodeling of the church, I sense the majority of the parishioners are opposed. I suggest a poll be taken. Also, will the remodeling proceed regardless of the parishioners agreement or disagreement? In other words, is the decision final?	LRPC	9/13/05	in the notes for any future building
9/25/06	A few negative thoughts to increasing our church area--economy not good, bills to be paid; ages of many faithful members are living on fixed incomes; young and middle age people have mortgages, school tuition, cars,etc; I know they state we have 2300 families but remember only an average of 800 families give on a regular Sunday; \$500,000 debt-are you ready to add more- I think not; and to add only 150 seats and leaving less gathering room	LRPC	9/13/05	in the notes for any future building
9/25/05	Would you please fix the illuminating light next to the rectory garage	Drew-Bldg. & Grounds		done
9/11/05	As long as the church is being redone, my heartfelt suggestion is to give the tabernacle a prominent place in front of the church.	LRPC	9/13/05	in the notes for any future building
9/4/05	Disband the useless parish council and adhere to the magistarium of the church			
8/28/05	1. Rectify the excessive heat problem in the kitchen that in turn causes the ice buildup over the eaves in the kitchen area.	Drew-Bldg. & Grounds		taken care - spring 06
	2. Continue to reduce the mortgage.	LRPC	9/13/05	in the notes for any future building
	3. Recarpet the church and waiting area. Also reupholster the chairs in the waiting area.	LRPC	9/13/05	in the notes for any future building

8/21/05	After 9:15 mass, close doors near sacristy so those wishing to remain in church for private prayer may do so in relative quiet away from noise of social conversation			
8/14/05	"Even sitting outside of church is so distracting, children running, no way can you know or hear mass--please explain" No parking	LRPC	9/13/05	
	"We are so tired of looking at the bricks--when will the renovation be happening--please explain--we already had a meeting so we do know its happening BUT when??"	LRPC	9/13/05	
8/8/05	A few months ago I sent a letter to the parish council about the poor security of the parish office door, the weak door framing and glass windows. Every Sunday, thousands of dollars are being counted in the office and the door can easily be forced open. Why isn't the security of the office and people counting just as important as the coded money bags? It's time to have the office evaluated for better security. Call in the Webster Police for help. There are people out there looking for easy money and the church would be a good place to hit upon.	Drew-Bldg. & Grounds	8/13/05	Lock has been looked at; issue addressed
7/17/05	"It is so annoying to hear they are going to renovate--sitting facing a <u>brick wall isn't fun--knock it down</u>	LRPC	9/13/05	in the notes for any future building
7/3/05	1. Should the parish tithe the Sunday collections	Finance		not possible at this time due to our needs
	2. Could the parish subsidize a few magazines for the parish library such as "America" and the Vatican English newspaper?	Parish Office		we have mag rack
6/19/05	Change the listing for the phone in the sacristy--when you call 911 it lists the convent--the ambulance went there instead of church	Drew-Bldg. & Grounds	6/20/05	phone in the altar server room--own phone number
6/5/05	1. Pay off mortgage	Finance		Working on it
	2. Use close circuit TV to broadcast Mass to gym, set up chairs or benches for overflow or to cut down on people standing in church, especially if we have only three masses	Fr. Chuck		Cost is too high for every week; means gym can't be used for most of the week

6/5/05	"Try to make more families involved in masses. Sometimes only 1 family does most (lectors, Eucharist ministers..) Also try to get more youth to help out more"	Liturgy		Continues to announce ministries are looking for people
6/5/05	1. Track lighting and spotlight to illuminate stations of the cross	LRPC	9/13/05	in the notes for any future building
	2. Cushions for the pews	LRPC	9/13/05	in the notes for any future building
	3. "Remove most of the pews and we stand for the Mass--should easily get 150 more in Church proper"	LRPC	9/13/05	in the notes for any future building
	4. Build storage room (20x20) back of altar area	LRPC	9/13/05	in the notes for any future building
	5. Install light poles at ends of parking lanes for guides & light	LRPC	9/13/05	in the notes for any future building
6/1/05	1. Enlarge parish library	LRPC	9/13/05	in the notes for any future building
	2. Have more classes on Scripture and prayer	Drew-Dir of Religious Ed		have tried not a lot of response; now has articles in the bulletin
	3. Add a portico over the front door	LRPC	9/13/05	in the notes for any future building
	4. Leave the church unlocked during the day	Father Chuck		Can't as it is a safety issue
	5. Try Eucharistic Adoration again.	Fr. Chuck		Done during Lent; hard even then to get enough people to cover the times
4/12/05	Make church lighter and colorful	LRPC	9/13/05	new lights are in
